RESCIND NOTICE!!!! **REGARDING** **BULLETIN ON LANG LAY ROPES**

It has come to our attention that Lang Lay Ropes should NOT be used with Drive Sheaves which have pinch-type grooves, such as "V" grooves.

Our earlier concerns arose from applications where Lang Lay Ropes were used with pinch-type grooves.

We have hundreds of installations where Lang Lay Ropes have been used with Rope Grippers® without any problems.

Therefore our previous Bulletin Number 1153 is RESCINDED.

HOLLISTER-WHITNEY ELEVATOR CORP.
