

## Car Slings & Platforms

At Hollister-Whitney we supply you with a complete line of passenger and freight car slings and platforms for both hydraulic and traction installations. Each car sling and platform assembly is supplied complete with channel stiles, crossheads, gussetts, braces, cable hitch plates (traction jobs only), cutout for sills, #26GA fireproofing on underside of wood platform, and one toe guard.

### These items are available:

- Extra Toe Guards (*for double opening*)
- Isolated Platform
- Roller Guide Shoe Balance Weights
- Wood and Steel or All-Steel Platform
- Compensation Hitch
- Freight Cabs
- Vertical Rising Gates

**Note:** Due to the fact that equipment is quite specialized, contact our sales department for pricing. A written quotation will be furnished to meet your requirements.

### When Ordering, Please Specify the Following:
